

1/4" stuff

82 rings total

36 open rings

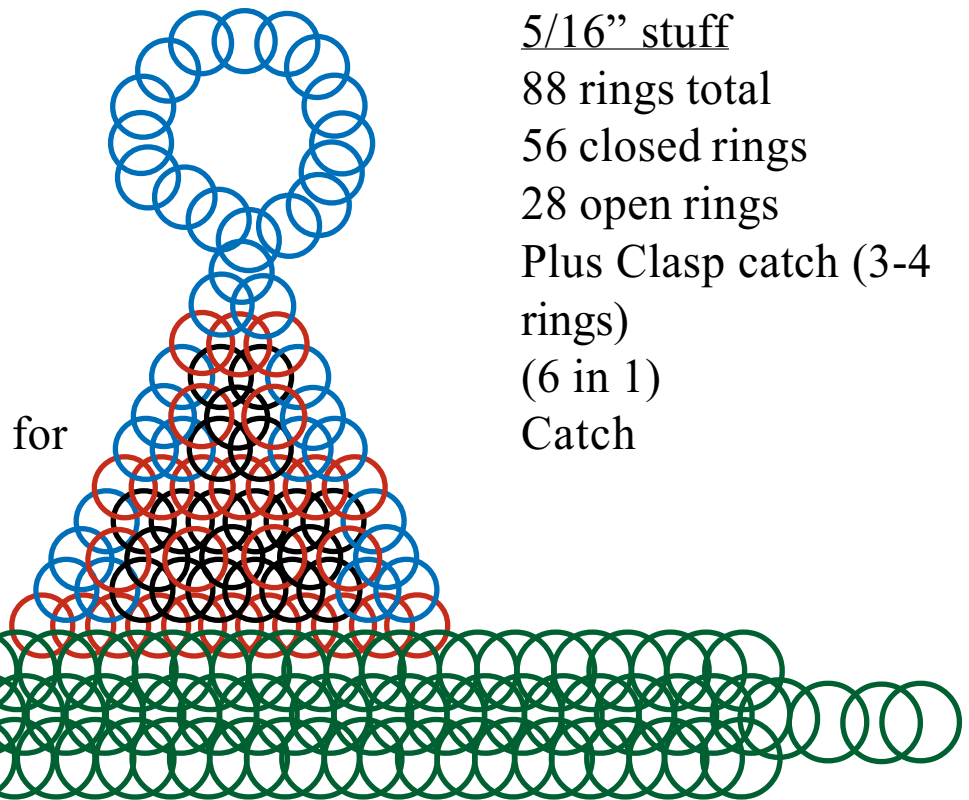

30 rings closed

4 - 4-in-1 units

4 - 3-rings

1 - 2 ring

16 rings in a loop for  
finger loop

5/16" stuff

88 rings total

56 closed rings

28 open rings

Plus Clasp catch (3-4  
rings)

(6 in 1)

Catch

The easiest way to do this one is to make it in parts.. make the triangle or the bracelet first, then connect the two.... this is shown using the “by unit” method of 4-in-1...the red rings are the “connecting” rings, and the blue and black are from the “units”. This particular hand flower fits the more petite-style hands, depending of course on the clasp you use.
